

Wake Over/Active Shift

Company/organisation	Private Home	Application close date	No close date specified
Location	Takaro, PN	Employment type	full time employment

Job description

We are looking for nurses for overnight care for our 16 month old toddler. We need someone who is caring, honest, reliable with an ability to learn new tasks and adapt to changes. He is a very sweet boy and as rare as his condition. He sleeps on a ventilator and requires occasional suctioning, although these seem scary, we his parents learnt them with no previous experience.

Please send us a message directly telling us a little about yourself and any experience you may have. We look forward to hearing from you.

Hourly rate

28 - 32

Key skills

Experience with helpful but not essential, as we will provide training

Oral suctioning, shallow not deep or NP required

Feed Pump, change of feeds over night

Oximeter, reading and understanding of
